Khalid Saud Alharbi

Software Engineer | Web & Mobile Applications Developer | Full-Stack Innovator

+966 510 038 905 alhrbi341@gmail.com Khalid Alharbi Khalid341 Saudi Arabia

PROFESSIONAL SUMMARY

Results-driven Software Engineer with strong academic and practical experience in web, mobile, and interactive application development. I specialize in building scalable, maintainable solutions using modern frameworks and software engineering best practices. I have hands-on experience with cross-platform mobile development, Unity-based 2D/3D applications, and agile delivery models. I continuously focus on code quality, performance optimization, and delivering real-world value through technology.

CORE COMPETENCY AREAS

- Software Architecture & Development.
- Web, Mobile & Interactive Technologies.
- Agile Delivery, Testing & Quality Assurance.
- Leadership, Innovation & Entrepreneurship.

PROFESSIONAL EXPERIENCE

Reyadi Ventures - Remote | Saudi Arabia
Entrepreneur | July 2025 – September 2025.

Key Achievements
- Deliver custom software, web, and mobile solutions based on client requirements.
- Manage the full development lifecycle, from analysis to deployment and testing.
- Ensure clean code, proper documentation, and system optimization.

Maras | Saudi Arabia
Co-Founder | July 2025 – September 2025.

Key Achievements
- Co-found a platform providing students and graduates with real-world industry project experience.
- Lead technical planning and ensure alignment with business objectives.
- Collaborate with stakeholders to define requirements and expectations.
- Oversee project delivery to ensure timely and high-quality results.

Ajja Information Technology Space | Saudi Arabia
Software Developer Trainee | September 2024 – July 2025.

Key Achievements
- Developed and maintained front-end components using JavaScript and React.js.
- Collaborated with senior developers to implement features aligned with user needs.
- Improved application performance through structured testing and debugging.

ACADEMIC BACKGROUND

Technical College | Saudi Arabia
Bachelor of Software Engineering | GPA: 4.67 / 5 | November 2022.

Technical College | Saudi Arabia
Diploma in Software Development | GPA: 4.54 / 5 | 2019.

VOLUNTEERING EXPERIENCE

Hospital & Research Center | Radiology Department | Saudi Arabia
King Faisal Specialist | August 2025 – December 2025.

Key Achievements
- Supported administrative and technical tasks in a professional healthcare environment.

CERTIFICATIONS & LICENSES

- Code Generation and Optimization Using IBM Granite | IBM | July 2025.
- Agile Scrum Foundation | Ministry of Communications and Information Technology (MCIT), KSA | January 2024.
- Introduction to Automated Analysis | Coursera | December 2023.
- Introduction to Software Testing | Coursera | November 2023.
- Software Engineering: Implementation and Testing | Coursera | November 2023.
- Unity Foundations OnDemand Learning Plan | Saudi Digital Academy | July 2023.
- Develop Real-time 3D Applications with Unity | Unity | June 2023.
- Get Started with 2D Art in Unity | Unity | May 2023.
- Flutter and Dart: Developing iOS, Android, and Mobile Apps | Coursera.
- Web Application Development Using ASP.NET Core MVC | Tuwaiq Academy | July 2026

SKILLS

Programming Languages & Frameworks
- Java &JavaScript.
- Dart.
- React.js.
- Flutter.
- Python.
- ASP.NET Core MVC

Web, Mobile & Interactive Development
- Web Application Development.
- Cross-Platform Mobile Apps.
- Unity 2D & 3D Development.
- Real-Time Interactive Applications.

Software Engineering & Quality
- Software Architecture.
- Software Testing.
- Automated Analysis.
- Agile Scrum.

Tools & Professional Skills
- Unity Engine.
- IBM Granite.
- Technical Documentation.
- Problem Solving & Analytical Thinking.

LANGUAGES

- Arabic.
- English.
